

Guerrilla Fanfare Brass Band - Portfolio

8 October 2023

Band Bio

Since its inception in 2015, the musicians of Guerrilla Fanfare have been dedicated to bringing the highest quality brass band music to life throughout Colorado and beyond. From fiery pop arrangements, to traditional jazz, to innovative original music, the mission of the band is to appeal to the audience and deliver a meaningful and positive performance that invigorates, excites and delights! Guerrilla Fanfare aims to bring levity and fun to any situation, and also to bring something for everyone to every performance. GuFa has engaged in some out of the box, and unexpected events over the years. As suggested by the name, this band will play any event from parties deep in the mountains, to surprise pop up events at the airport, to assemblies for an entire school, to parade marches downtown - and everything in between.

Recently, Guerrilla Fanfare performed in the Five Points Jazz Festival, as headliner to a City Park Jazz evening, as a featured artist with the CU "Golden Buffalo" Marching Band for halftime at Folsom Field, and many others. For every single one of the roughly one hundred performances Guerrilla Fanfare does each year, this collection of outstanding local Colorado musicians brings gratitude, passion and a mastery of their instrument to bedazzle every audience every time.
